Re: PM-1088/89 (Germany)

Dear Jim:

Enclosed is a copy of the claims in this case. As we discussed, I believe that the features of at least claims 6, 8-12, 16, 18-25, 28-33, 36, 38-45 and 47-51 are not shown in either of the references applied by the Examiner. Please have Harry Lanzillotti review these claims and let me know what the objects and advantages of the various claims' features are.

Enclosed also is a copy of a translation of the Brantl reference cited by the Examiner, as requested by Beverly Monroe. Harry - see also the Swiss ref. attached

Very truly yours,

J. H. Ingerman
